Features & Benefits:

- Based on the Duo twin wire mesh system to provide high visibility, strength and rigidity
- Supplied with an attractive deep wave style feature topping
- Attractive and aesthetically pleasing mesh system
- The Gemini range is ideal as a feature fence to enhance aesthetics
- Soft ornate fencing without harsh edges
- Supplied with anti-tamper fixings
- Available with optional ball finials
- Available either bolt down, in ground or on wall

Description:

The Gemini range is possibly the most attractive fencing system on the market. **Gemini Deep Wave** features a curvaceous style which has the ability to break up rigid fence lines. **Gemini Deep Wave** features a deep curved fence topping and is perfect for areas that are either aesthetically sensitive or are on show to the public or customers.

Based on the twin wire Duo system, **Gemini Deep Wave** uses twin horizontal wires to sandwich the vertical wires creating a strong twin wire mesh. Anti-tamper fixings and optional ball finials combine to make this system both attractive and secure. Due to its strength and great looks, **Gemini Deep Wave** fencing is ideal for housing projects, schools and prestige projects where the fence needs to be a feature as well as a boundary.

Gemini Deep Wave can be supplied in heights of up to 6 metres, which is measured at post height, so the panels may exceed that height at the centre of the panel

Details:

Minimum height of 830mm to maximum height of 6.0 metres – Gemini Deep Wave Perimeter Fencing

Mesh:

Duo6 mesh comprising 50mm x 200mm mesh with two 6mm horizontal wires at 200mm centres and single 6mm vertical wires at 50mm.

Posts:

Various RHS posts sizes dependent on height (see chart below for details), spaced at 2525mm centres

Post to panel fixing:

Panels fixed to posts with full height 40mm x 5mm clamp bar with bolt fixings at 400mm centres. The full height clamp bars create a flush safe finish with the mesh ends behind the clamp bar.

Gates:

Pedestrian gates are single leaf 1.2m wide, (or width to suit), framed in a 50mm x 50mm RHS with Zaun Duo8 mesh welded inside the frame, with slide latch. Gate supplied with rubber bump stop and 2 x suitable gate posts.

Vehicle access gates are double leaf (single leaf vehicle gates available) 3.0m wide (or width to suit), framed in 50mm x 50mm RHS, with Zaun Duo8 mesh welded inside the frame, with drop bolts and slide latch. Gate supplied with rubber bump stop and 2 x suitable gate posts.

Finish:

Materials are galvanised and Polyester Powder coated.
