Description:

The Gemini range is possibly the most attractive fencing system on the market. **Gemini Shallow Convex** features a curvaceous style which has the ability to break up rigid fence lines. **Gemini Shallow Convex** features a shallow curved fence topping and is perfect for areas that are either aesthetically sensitive or are on show to the public or customers.

Based on the twin wire Duo system, **Gemini Shallow Convex** uses twin horizontal wires to sandwich the vertical wires creating a strong twin wire mesh. Anti-tamper fixings and optional ball finials combine to make this system both attractive and secure. Due to its strength and great looks, **Gemini Shallow Convex** fencing is ideal for housing projects, schools and prestige projects where the fence needs to be a feature as well as a boundary.

Gemini Shallow Convex can be supplied in heights of up to 6 metres, which is measured at post height, so the panels may exceed that height at the centre of the panel

Details:

Minimum height of 830mm to maximum height of 6.0 metres, in increments of 200mm – Gemini Shallow Convex Perimeter Fencing

Mesh:

Duo6 mesh comprising 200mm x 50mm mesh with single 6mm wires, vertical wires are at 50mm centres, dual 6mm horizontal wires at 200mm centres.

Posts:

Various RHS posts sizes dependent on height (see chart below for details), spaced at either 2525mm centres

Post to panel fixing:

Panels fixed to posts with full height 40mm x 5mm clamp bar with fortress bolt fixings at 400mm centres. The full height clamp bars create a flush safe finish with the mesh ends behind the clamp bar.

Gates:

Pedestrian gates are single leaf 1.2m wide, (or width to suit), framed in a 50mm x 50mm RHS with Zaun Duo8 mesh welded inside the frame, with slide latch. Gate supplied with rubber bump stop and 2 x suitable gate posts.

Vehicle access gates are double leaf (single leaf vehicle gates available) 3.0m wide (or width to suit), framed in 50mm x 50mm RHS, with Zaun Duo8 mesh welded inside the frame, with drop bolts and slide latch. Gate supplied with rubber bump stop and 2 x suitable gate posts.

Finish:

Materials are galvanised and Polyester Powder coated.
