

Duo6V

Features & Benefits:

- V-Beam added to the design for additional rigidity and style
- Designed with twin 6mm horizontal wires
- Open mesh pattern provides high visibility to monitor sites without restriction
- Strong and robust for a high level of vandal resistance
- Supplied with standard or minimal projections at the top of the panel
- Available either bolt down, in ground or on wall
- For low level fences a safety capping is available

Applications:

-  Civic & Public Sector
-  Health & Emergency Services
-  High Security
-  Industrial
-  Residential & Commercial
-  Schools & Education
-  Transport & Infrastructure
-  Utilities

Description:

Zaun's **Duo6V** twin wire perimeter fencing is the same as the Duo6 (the most popular Duo panel), but with a V-beam added during manufacturing to give the panel extra strength, rigidity and style. **Duo6V** combines a perfectly engineered robust design with a low visual impact that will blend into any situation. **Duo6V** is manufactured from dual horizontal 8mm wires sandwiching a single 6mm vertical wire, producing a 50mm x 200mm mesh pattern that is not only strong and vandal resistance but also offers the best value.

The **Duo6V** system uses the ZaunFix fixing clip solution to fix the panels to the post.

Details:

Minimum height of 630mm to maximum height of 6.0 metres, in increments of 200mm – Duo6V Perimeter Fencing

Mesh:

Duo6V mesh comprising of 50mm x 200mm mesh with dual 8mm horizontal wires at 200mm centres and single 6mm vertical wires at 50mm centres

Posts:

Various RHS posts sizes dependent on height (see chart below for details), spaced at 2525mm centres

Post to panel fixing:

Panels fixed to posts with ZaunFix fixing clips and bolt fixings at 400mm centres.

Gates:

Pedestrian gates are single leaf 1.2m wide, (or width to suit), framed in a 50mm x 50mm RHS with Zaun Duo8 mesh welded inside the frame, with slide latch. Gate supplied with rubber bump stop and 2 x suitable gate posts.

Vehicle access gates are double leaf (single leaf vehicle gates available) 3.0m wide (or width to suit), framed in 50mm x 50mm RHS, with Zaun Duo8 mesh welded inside the frame, with drop bolts and slide latch. Gate supplied with rubber bump stop and 2 x suitable gate posts.

Finish:

Materials are galvanised and Polyester Powder coated.
