Features & Benefits:

- Secured By Design approved
- Designed with twin 8mm horizontal wires
- Open mesh pattern provides high visibility to monitor sites without restriction
- Strong and robust for a high level of vandal resistance
- Supplied with standard or minimal projections at the top of the panel
- Available either bolt down, in ground or on wall
- For low level fences a safety capping is available
- LPCB LPS1175 SR1 Rated Option Also Available (See Duo8 SR1 Datasheet)

Description:

Zaun's **Duo8 Clamp** twin wire perimeter fencing is the strongest in the Duo range, combining a perfectly engineered robust design with a low visual impact that will blend into any situation. **Duo8 Clamp** is manufactured from dual horizontal 8mm wires sandwiching a single 6mm vertical wire, producing a 50mm x 200mm mesh pattern that is not only strong and vandal resistance but also offers the best value.

The **Duo8 Clamp** system uses a full length clamp bar to cover the panel ends ensuring there are no edges exposed on the panel on which people might snag themselves and also makes levering the panels away from the post extremely difficult.

Details:

Minimum height of 630mm to maximum height of 6.0 metres, in increments of 200mm – Duo8 Perimeter Fencing

Mesh:

Duo8 mesh comprising of 50mm x 200mm mesh with dual 8mm horizontal wires at 200mm centres and single 6mm vertical wires at 50mm centres

Posts:

Various RHS posts sizes dependent on height (see chart below for details), spaced at 2525mm centres

Post to panel fixing:

Panels fixed to posts with full height 40mm x 5mm clamp bar with bolt fixings at 400mm centres. The full height clamp bars create a flush safe finish with the mesh ends behind the clamp bar.

Gates:

Pedestrian gates are single leaf 1.2m wide, (or width to suit), framed in a 50mm x 50mm RHS with Zaun Duo8 mesh welded inside the frame, with slide latch. Gate supplied with rubber bump stop and 2 x suitable gate posts.

Vehicle access gates are double leaf (single leaf vehicle gates available) 3.0m wide (or width to suit), framed in 50mm x 50mm RHS, with Zaun Duo8 mesh welded inside the frame, with drop bolts and slide latch. Gate supplied with rubber bump stop and 2 x suitable gate posts.

Finish:

Materials are galvanised and Polyester Powder coated.
