us/downloads/drawings/](http://www.zaun.co.uk/about-us/downloads/drawings/)

Features & Benefits:

- Manufactured at 3025mm centres for a more cost effective rebound solution
- Specifically designed for sports applications to provide a more rigid and stronger fence line when used for consistent gameplay
- The open mesh style provides spectators and players better viewing for safety and security
- Supplied with EPDM inserts to reduce noise for local residents making Super Rebound quieter than rebound boards (78dB)
- Manufactured from welded mesh which will not degrade and leave splinters to injure players unlike wooden boards
- Supplied as a complete panel providing no mid rails to injure players

Description:

Super Rebound 8L is a further development of Zaun's Duo Sports. Designed for areas that receive high usage or where sport is taken seriously. **Super Rebound 8L** has been developed to offer a more attractive, practical and community friendly alternative to wooden rebound boards. Using twin horizontal 6mm wires, the lower 1.2 metres of the fence has a 50mm x 66.6mm mesh pattern. This robust mesh acts like a wooden rebound board in terms of rebound quality but has many advantages over wooden boards.

Fixings every 200mm and rubber inserts at each fixing virtually eliminate rattle during play. Clamp bars covering panel ends ensures a safe playing surface with no sharp edges.

Details:

Minimum height of 1.2 metres to maximum height of 3.68 metres – Super Rebound 8L Sports Fencing

Mesh:

Super Rebound 6L mesh comprising 50mm x 66.6mm mesh with single 6mm vertical wires at 50mm centres and dual 8mm horizontal wires at 66.6mm centres.

Posts:

Various RHS posts sizes dependent on height (see chart below for details), spaced at 3025mm centres

Post to panel fixing:

Panels fixed to posts with full height 40mm x 5mm clamp bar with bolt fixings at 200mm centres. The full height clamp bars create a flush safe finish with the mesh ends behind the clamp bar.

Gates:

Pedestrian gates are single leaf 1.2m wide, (or width to suit), framed in a 50mm x 50mm RHS with Zaun Super Rebound mesh welded inside the frame, with slide latch. Gate supplied with rubber bump stop and 2 x suitable gate posts.

Vehicle access gates are double leaf (single leaf vehicle gates available) 3.0m wide (or width to suit), framed in 50mm x 50mm RHS, with Zaun Super Rebound mesh welded inside the frame, with drop bolts and slide latch. Gate supplied with rubber bump stop and 2 x suitable gate posts.

Finish:

Materials are galvanised and Polyester Powder coated.
