Description:

The **Zariba 6 ZaunFix** is designed using an ornate ring top design and optional finials making **Zariba 6 ZaunFix** one of the most attractive mesh fencing systems on the market. The system uses an attractive ring top and the mesh pattern has been specifically designed to generate a pleasing appearance. Twin horizontal 6mm wires mean that the system is incredibly strong and can be used in areas where the system is likely to incur regular impact. The use of bright colours sets the fence off, making an attractive feature in any space.

Zariba 6 ZaunFix combines the robust Duo6 platform and a ring top design to provide an extremely durable segregation fence with a contemporary feel.

Details:

Minimum height of 600mm to maximum height of 2.4 metres, in increments of 200mm – Zariba 6 ZaunFix Perimeter Fencing

Mesh:

Duo6 mesh comprising 200mm x 50mm mesh with single 5mm vertical wires at 50mm centres and dual 6mm horizontal wires at 200mm centres.

Posts:

Various RHS posts sizes dependent on height (see chart below for details), spaced at 2525mm centres

Post to panel fixing:

Panels fixed to posts with ZaunFix clip and bolt fixings at 400mm centres

Gates:

Pedestrian gates are single leaf 1.2m wide, (or width to suit), framed in a 50mm x 50mm RHS with Zaun Duo8 mesh welded inside the frame, with slide latch. Gate supplied with rubber bump stop and 2 x suitable gate posts.

Vehicle access gates are double leaf (single leaf vehicle gates available) 3.0m wide (or width to suit), framed in 50mm x 50mm RHS, with Zaun Duo8 mesh welded inside the frame, with drop bolts and slide latch. Gate supplied with rubber bump stop and 2 x suitable gate posts.

Finish:

Materials are galvanised and Polyester Powder coated.
