Features & Benefits:

- Slotted cleats allow panels to be installed either on flat ground or stepped as required
- Mid panel feet to support the panel to prevent sagging
- Off-set hinge eliminates finger traps
- Attractive appearance
- Strong & Vandal resistant
- Available either bolt down, in ground or on wall

Description:

Zaun can offer this popular style of fencing in a variety of heights and gauges. Short lead times are available due to our advanced production techniques.

Zaun Bow Top Urban is manufactured in-house and is subject to Zaun's stringent quality control process. The fabrication takes place in a production cell that operates independently from the rest of the factory and so turnaround times are not dictated by the manufacture of other products. This stylish railing is both robust and attractive and is at home in a wide variety of settings.

Slotted cleats on the Bow Top Urban panels allows this fence to be installed either on the flat or stepped as desired.

Mid panel feet support the panel to prevent sagging.

Details:

Heights of between 0.5 metres and 2.0 metres – Bowtop Urban Railings

Railing Bars:

Vertical bars are manufactured to thicknesses between 12mm and 20mm depending upon the height of the railings with horizontal bars at the top and bottom of the panel.

Posts:

Various square hollow section (SHS) posts sizes dependent on height (see chart below for details), spaced at 2760mm centres, available with either in-ground, bolt down or cranked installation options

Post to panel fixing:

Bowtop railing panels are fixed to the posts using slotted cleats, cup square bolts and shear off nuts. Mid panel feet are supplied to support the panel and prevent sagging.

Gates:

Pedestrian gates are single leaf 1.2m wide (or width to suit), framed in a 50mm x 50mm SHS with Bowtop style railing infill, supplied with a slide latch. Gate supplied with rubber bump stop and 2 x suitable gate posts.

Vehicle access gates are double leaf (single leaf vehicle gates available) 3.0m wide (or width to suit), framed in a 50mm x 50mm SHS with Bowtop style railing infill, with drop bolts and slide latch. Gate supplied with rubber bump stop and 2 x suitable gate posts.

Finish:

Materials are galvanised and Polyester Powder coated
