Features & Benefits:

- Designed with mesh specifically for hockey pitches with traditional 225 x 45mm timber hockey boards fixed at the bottom
- Each system is supplied with EPDM inserts and fixings every 200mm to reduce noise from ball impacts from 97dB to 68dB
- Open mesh formation ensures maximum visibility for spectators
- Increases ball retention within the game play area

Description:

Hockey BoardMesh features all the benefits of the Duo8 Sports range with traditional hockey boards fitted to the bottom of the panels. One of the major stumbling blocks during the planning of sports courts is noise that occurs during play. Like Duo, Duo Sports is available using 8mm twin horizontal wires however Duo Sports has been developed to overcome the rattle that so many residents object to. Duo Sports uses twice as many fixings to mount the panels to the posts, ensuring that there is a minimum movement between the two. Furthermore, each fixing uses a synthetic EPDM insert to insulate the panel from the post.

Fixings every 200mm and synthetic rubber inserts at each fixing virtually eliminate rattle during play. A clamp bar covering panel ends ensures a safe playing surface with no sharp edges.

Details:

Minimum height of 630mm to maximum height of 6 metres – Hockey Board Mesh Sports Fencing

Mesh:

Duo8 mesh comprising 50mm x 200mm mesh with dual 8mm horizontal wires at 200mm centres and single 6mm vertical wires at 50mm centres

Posts:

Various RHS post sizes dependent on height (see chart below for details), spaced at 2525mm centres

Post to panel fixing:

Panels fixed to posts with full height 40mm x 5mm clamp bar with bolt fixings at 200mm centres with EPDM inserts. The full height clamp bars create a flush safe finish with the mesh ends behind the clamp bar.

Gates:

Pedestrian gates are single leaf 1.2m wide, (or width to suit), framed in a 50mm x 50mm SHS with Zaun Duo8 mesh welded inside the frame, with slide latch. Gate supplied with rubber bump stop and 2 x suitable gate posts.

Vehicle access gates are double leaf (single leaf vehicle gates available) 3.0m wide (or width to suit), framed in 50mm x 50mm SHS, with Zaun Duo8 mesh welded inside the frame, with drop bolts and slide latch. Gate supplied with rubber bump stop and 2 x suitable gate posts.

Finish:

Materials are galvanised and Polyester Powder coated.
