- Your choice of mesh options

### Description:

The Terror Stopper PAS 68 Pedestrian Portal, a crash rated redeployable pedestrian portal frame. Tested and approved to BSI PAS 68:2010 standards. This PAS 68 Pedestrian Portal system, crash tested and rated to stop a 7.5 tonne vehicle travelling at 40 mph. Stopping the vehicle within the aperture with zero penetration. Designed to house a range of pedestrian access options. A PAS 68 Pedestrian Portal ideal for everything from single pedestrian gates to turnstiles and also gate combinations. Supplied as a standalone crash rated pedestrian portal or also with various infills. This crash rated portal is perfect for deployment at temporary major events or political conferences.

A PAS 68 Pedestrian Portal system, designed by Zaun for use with the MultiFence PAS 68 temporary barrier system or also as a standalone pedestrian portal. Also available as a single or double portal, the crash rated pedestrian portal system can restrict access to and from a site by using turnstiles as a point on entry and a gate as a point of quick exit.

All gates are also available with your choice of mesh and lock options. These pedestrian portals also tested and achieved BSI PAS 68 rating of PAS68:2010 V/7500[N2]/48/90:1.0/0.0.
