Description:

A range of SR2 Rated Gates, manufactured specifically with security in mind. Our SR2 rated gates, tested and approved to LPS 1175 Issue 7 by the Loss Prevention Certification Board (LPCB). This testing process entered our products into The RED BOOK. SR2 Rated Gates, designed to be suitable for either pedestrian or vehicle access. The perfect accompaniment to our HiSec Super SR2 rated fencing solutions. Each gate supplied with HiSec Super SR2 welded mesh infills. All products, also rigorously tested for resistance to deliberate attack and play an important role in protecting people and property against physical attack, burglary, vandalism and terrorism. Our SR2 rated gates LPS 1175 approval specifically covers the approval and listing of intruder resistant building components, strong points, security enclosures and free-standing barriers. Each of our SR2 rated gates also designed with a clamp bar at the side of the gate post. Included with through bolts and stainless steel fixings. An additional sheath, added to the slide latch locking system to provide the gate with additional protection against potential attacks. All of our SR2 rated gates are supplied with an SR-rated padlock as standard and can be supplied in your choice of RAL colour. Available in single and also double leaf versions and up to a maximum width of 7.1 mtrs (double leaf version).
