## Appendix to Certificate No: 1164f Zaun Limited

Issue: 01

### Notes:

1. The 'angles in fence line' define the range of angles covered by the scope. These are measured between the attack faces of two adjacent fence panels.
2. The fencing system should be constructed and installed in accordance with the documents in the above table, using only appropriate components supplied by Zaun Limited.
3. It is important to ensure the local ground onto/into which the fence is installed offers compatible strength.

### Alternative Sales Address:

#### Binns Fencing Limited

Harvest House  
Cranborne Rd  
Potters Bar  
Hertfordshire
