- Strong and durable
- Impact tested to PAS 68 criteria
- Hostile Vehicle Mitigation bollards

Description:

Zaun's Terror Stopper HVM static bollards, are a range of hostile vehicle mitigation bollards rated at BSI PAS 68:2010, capable of stopping terrorist vehicle attacks.

These PAS 68 static bollards are designed specifically to be incorporated into our range of perimeter protection systems.

Our selection offers a range of PAS 68 HVM static bollards capable of stopping 7.5t vehicles. Designed to stop differing speed and vehicle types to suit most site requirements.

They are manufactured in four different versions to deal with the various threats and requirements for site of critical national importance. All of the Terror Stopper static bollards are also independently PAS 68 tested and approved.
